

Glebe Gardens transformation

South Lanarkshire Council

The project

Full refurbishment works, in partnership with South Lanarkshire Council, to upgrade the sheltered accommodation development in Glebe Gardens, Lesmahagow. Works were carried out on 15 one-bedroom houses and three two-bedroom cottages.

Approach

The project was awarded to GMG after a previous successful contract with South Lanarkshire Council to improve the flat blocks in Kirkconnel Drive, after a fire devastated the properties and left them in need of a comprehensive upgrade, and the upcoming Kilncroft Terrace project.

Outcome

The GMG team completed refurbishment works on the properties in Glebe Gardens, and were delighted to share the development's completed transformation with residents.

GMG is a family-owned business that prides itself on ensuring that every project meets and exceeds our exceptionally high standards of quality.
