

New roof for St Cadoc's Primary School

The project

East Renfrewshire Council awarded the contract to GMG to renew the roof at St Cadoc's Primary School.

Approach

GMG's work began in the school's summer holidays to limit any disruption that could be caused. GMG carried out a renewal of the insulated flat roof, removing and replacing rooflights and resealing existing vents to ensure the space was water-tight.

Outcome

By the time pupils returned to school for the new term, the roof was repaired and watertight. The insulation offered an added benefit of improved energy efficiency for the school.
