

Renovating Firpark Secondary Additional Support Needs School

The project

An £850,000 project to refurbish the entire building, replacing windows, doors and rooflights.

Approach

GMG contractors worked in phases and around school schedules, ensuring no class time was disrupted. Their main priority, as always, was the safety of those using the facility while the renovations were made.

Outcome

The programme of works included full window and door replacements. It has freshened up the look and feel of the school while also improving its energy efficiency, ensuring a warm and safe learning environment for pupils and staff to enjoy.

CLIENT

North Lanarkshire Council

SCOPE

£850,000 refurbishment project

LOCATION

Firpark Secondary Additional Support Needs School
